Hello Andrew,

I give my permission to use and reproduce any and all information from publications where we had shared authorship.

Best regards,

Tim Becker

Hi all,

I'm planning on including material from our HFNG Cu/Ti NIM manuscript as part of my dissertation. To do so, I need to get statements granting me permission to use and reproduce the material as part of my dissertation from all co-authors. Emails from co-authors giving permission will be accepted.

If you're okay with that, can you please respond back with a short statement agreeing to this release?
Thanks!!!

All the best,
